PRINTER CALIBRATION CARD

Prop 65 warning label · print at 100% · verify before the production run

1. Open the PDF at 100%. Turn off Fit to page, Shrink to fit and Scale to fit.
2. Measure the line below. It must read 72 pt / 1 inch / 25.4 mm exactly.
3. Check the trim outline, the 6 pt line and the barcode before the run.
4. If any check fails, fix the printer driver. Do not scale the label to make it fit.

1 in / 25.4 mm

2 x 3 in (144 x 216 pt) - actual size

6 pt minimum: The quick brown fox jumps over the lazy dog. 0123456789

- ☐ Ruler measures 1 in (25.4 mm)
- ☐ Barcode scans (FBA label)
- ☐ Trim outline matches the label
- ☐ 6 pt text is legible

This card is a printer check, not a compliance certificate. The label PDF is the production file. If the printer cannot hold 100%, fix the driver before the run.
